Capacity Building on Soft Toys making

The growth of Sri Lankan toy industry is less than 20 years old and its brief history is a tale of two types of toys, wooden and soft, both manufactured almost exclusively for export. Toys are a small portion of total Sri Lankan exports, and export values have not grown much in recent years. Facilitating the development of this industry, especially in North will be a good step forward

with regards to the income generation & employment creation.

On the recommendation of Nallur Divisional Secretary, targeting Nallur Festival and local market, two days training programme on soft toys making was successfully conducted for selected women entrepreneurs who are presently engaging with tailoring in Nallur Division on 28 & 29 January 2020.
